"PREPARE TO MEET GOD"

R. A. BLALOCK USES THE TEXT FROM AMOS, 4:12 LAST NIGHT.

At the meeting being conducted at the First Christian church, R. A. Blalock spoke last night on "Prepare to Meet God." He urged that salvation was a preparation for living, and not to be utilized as a fire escape.

At the close of the sermon there was a baptismal service, a mother.

The subject for tonight will be "The Light of the World."

A men's meeting will be held Sunday afternoon at 3:30 for all above sixteen years of age. The subject will be "A Man's Job."

The speaker said in part that this statement presupposes. First, that you have the ability to make this preparation, it would be absurd for God to tell men to prepare to meet Him if man were powerless to make this preparation, if God had to do all the preparing himself, God never would have said "Come unto me all ye ends of the earth and be ye saved."

Christ never would have said, "Come unto me all ye that labor and that are heavy laden," and the Holy Spirit never would have said "Who soever will let him come," if men and women were powerless to hear and to heed the invitation.

This statement presupposes. Second that there is a plan of preparation. God would never say to a man, "Prepare to meet thy God" if there was no plan by which man could make this preparation.

And this warning presupposes. Third, that this plan is all sufficient for it is God's plan, and we find this plan revealed in the Holy Bible, and want to say to you my friend that when God was through with this plan, it was full and complete. See Mark 16:15-16; Acts 16:2-38; 22:16; Rev. 22:18-19.

This warning presupposes. Fourth, that it is necessary for you to make this preparation or meet God unprepared.

God help us all to be prepared to meet Him when He shall come in all His glory.

Opinion Concerning Warrants.

Guthrie, Okla., April 14.—"Can the warrants issued in 1909 be paid out of taxes levied for 1910?" is the question submitted to Attorney General West for solution by State Treasurer Robert Dunlop.

West answered today that the expenses for each fiscal year must be paid out of the revenue collected and levied for that fiscal year, but if there is a surplus it can be devoted to any unpaid balance carried over from a former or a later fiscal year, but no such surplus can be used for other purposes until the period for which the taxes were levied has been passed.

Dr. T. W. Hartman and wife left this morning for Little Rock, where they were called by the death of the doctor's sister.

OTIS WEAVER HAS A NARROW ESCAPE

Yesterday afternoon, while attempting to board the short train out of Sulphur, Otis Weaver came near losing his life under the wheels of the train. Being absorbed in the business he had in hand he never thought of the train until it was already pulling out. As a few minutes more or less on that tap line matters little, he sprinted to a point where he would be in advance of the train, hoping to attract the attention of the engineer and get him to stop. The engineer did not happen to see his signals, so when the train came by he made a grab for the coach. As it was raining heavily and the ground was slippery he lost his footing and was jerked under the car along the ties and barely had time to roll out of the way before the next wheels reached him. He was considerably bruised and shaken up by the fall and his right knee hurt so badly that he has been limping ever since.

GOOD PERFORMANCE AT OPERA HOUSE

In spite of threatening weather a fair sized audience greeted the National Stock Co.'s presentation of "The Man of Honor" last evening. The scene of the drama was laid in a mountainous region of Texas. The hero was a big manly fellow who followed moonshining until his heart was touched by the love of a beautiful girl, who later proved to be the heiress to an English title and estate. Knowing only that she was

REFRIGERATORS EASY PAYMENTS SMITH 203-5 W. Main St.

a woman who had suffered from the perfidy of another man, the young moonshiner clung to her and remained loyal to the end. At her solicitation he abandoned his business and proved that at the bottom he possessed the sterling qualities of true manhood. He finally became wealthy through the discovery of copper on his mountain claim, and after a tempestuous encounter with the villain who would for the sake of a reward have consigned him to prison, everything comes about as one would wish. The Texas sheriff, whose official dignity was easily reflected upon, the lazy old hotel keeper with his fiery tongued wife and lovable daughter, and the young Englishman, "doncher know" were all on hand when emergency demanded their presence.

The climax of the whole performance came in the last act when the man of honor, the reformed moonshiner, in eloquent language, paid a glowing tribute to his native Texas. This was greeted with great applause by the audience.

Educators in Conference.

Oklahoma City, Ok., April 14.—Heads of sixteen State educational institutions met with the board of education today, considering the school needs. The election of presidents will take place during the next week or ten days, but the board will not elect teachers until later, and then after consultation with the presidents. The board has a committee working out a system for certification of teachers.

FURTHER PARTICULARS OF THE CYCLONE

Kansas City, Mo., April 13.—Although the weather is fair tonight throughout the tornado-swept districts of Kansas, Oklahoma, Western Missouri and Northern Arkansas, the major portion of the telephone and telegraph wires still are down and only meager reports of the death and destruction wrought by the storm yesterday are obtainable. It will be several days before a complete list can be obtained.

It now appears that at least nineteen persons were killed. The names of twelve of the dead are known. Four deaths reported from Meeker, Ok., and three from Plummer, Ark., are without names.

More Than 100 Hurt.

The list of injured will number more than 100. Several who were reported killed last night proved today to be seriously injured.

The monetary loss in Kansas alone is thought to be in excess of \$600,000. It is thought the damage in other sections visited by the storm will bring the total to more than \$1,000,000.

Big Heart Suffers Worst.

Of all the stricken cities, Big Heart, Ok., suffered the greatest damage. Three persons were killed

there, sixty injured, thirty-eight fatally.

At first it was reported that eight were killed there. All the injured from Big Heart were taken to Tulsa, on a relief train, and they are now in hospitals there. Little of the town was left standing.

Lawrence, Kan., sustained the largest property loss of any Kansas town, it being estimated at \$200,000. Seventy-four residences were wrecked and the street cars and electric lights put out of business. The city is still dark. J. D. Bowersock, a former congressman, was the heaviest individual loser, his loss being \$35,000.

In Brown county, Kansas, the tornado hugged the ground and residents are losers of more than \$300,000 worth of property.

Path Fifteen Miles Long.

The tornado swept a clean path fifteen miles long and three-quarters of a mile wide in that section. Eskridge's loss is placed at \$75,000.

Miss Eva Stroud, who lost her life at Mountainsburg, Ark., was killed while she lay in bed. The house in which she slept was wrecked.

Prof. C. W. Briles returned last night from Oklahoma City where he was in conference yesterday with the board of education. He came back feeling much encouraged over the prospect of Ada getting her rights during the administration of this board.

POPULAR OFFICIAL LEAVES FRISCO ROAD

The announcement that C. R. Gray, senior vice president of the Frisco, will leave the system about May 1 has caused much regret among employees of all classes, for by his courteous treatment and just dealing with his men, Mr. Gray had won their confidence and respect. He was never so busy that he could not hear the humblest employee of the road and give his case personal attention.

Mr. Gray may be said to have grown up with the Frisco. He is a native of Fayetteville, Ark., and at an early age went on the Frisco as operator. Since then his rise has been rapid, he passing in succession through the grades of commercial agent, district freight agent, division superintendent, superintendent of transportation, general manager and senior vice president. He has refused a number of tempting offers from other roads, but declined them all until there came the opportunity of a lifetime to become the president of the Hill interests on the Pacific coast at a very high salary.

All this has been accomplished by a man less than fifty years of age, a fact that should be an object lesson to the young men of today, showing, as it does, how eagerly big

jobs seek men who are big enough to hold them down.

Gray has seen the Frisco grow from a few ragged lines to one of the big systems of the country. He has risen as it rose and has been an important factor in its growth.

Furthermore, from his correspondence with the Frisco people as secretary of the 25,000 club, the writer has no doubt about the friendliness of the Frisco for Ada, although we admit that the road has seemed rather slow about building a new depot. This friendliness we feel is due to no small extent to Mr. Gray, who has always regarded the town as one of the coming cities on the Frisco line and felt a deep interest in its welfare.

From what the writer can gather from the employees of the road and from the best informed citizens, good judgment has been displayed in the selection of W. C. Nixon as successor to Mr. Gray. So far as Ada is concerned his selection is highly pleasing.

Indian Agent Found Dead.

Ardmore, Ok., April 13.—The body of Doyle Norman, who has been district Indian agent at Pauls Valley was found in his home by an employee of the Indian office, who became alarmed at Norman's absence. By the side of his dead body lay a revolver. Norman's family were absent on a visit to relatives.

AT THE OPERA HOUSE
"WHOSE BABY ARE YOU"
Tonight the National Stock Co.
will present the Laughable farce
comedy in three acts entitled "Whose
Baby Are You." This is without a
doubt a laugh from beginning to end
and the full strength of the com-
pany will give to this comedy their
best efforts to please and entertain.
There will be an entire change of
specialties between each act and
the production will be mounted with
the same careful attention to detail
as last night's play. From the ap-
plause the company received and the
praise the artists have received from
all who attended the opera house a
rousing big house will greet the
company on this its second night's
appearance in Ada. Seats are selling
rapidly and patrons are advised to
secure them early at Ramsey's Drug
Store where they are on sale.

MANUFACTURING STATISTICS FOR OKLAHOMA

Washington, April 14.—A prelim-
inary statement of the general re-
sults of the census of manufacturers
for the state of Oklahoma was issued
by Census Director Durand. It in-
cludes a summary comparing the
figures for 1904 and 1909, by state
totals, prepared under the direction
of Mr. William M. Steuart, chief sta-
tistician for manufactures, bureau
of the census.

The summary for the state shows
a large increase at the census of
1909 as compared with that for 1904.
In the order of their importance,
from a percentage standpoint, the
principal items rank as follows:

Number of salaried officials and
clerks, 170 per cent; salaries and
wages, 164 per cent; miscellaneous
expenses 157 per cent; value added
by manufacture, 142 per cent; capi-
tal, 141 per cent. average number of
wage-earners, 141 per cent; value of
products, 119 per cent; cost of ma-
terials used, 108 per cent; and num-
ber of establishments, 106 per cent.

There were 2,310 manufacturing
establishments in 1909, and 1,123
in 1904, an increase of 1,187 or 106
per cent.
The capital invested, as reported
in 1909, was \$38,873,000, a gain of
\$22,749,000 or 141 per cent, over \$16,
124,000 in 1904. The average capital
per establishment for 1909 was ap-
proximately \$17,000 and for 1904,
\$15,000. In this connection it should
be stated that the inquiry contained
in the census schedule calls for the
total amount of capital, both owned
and borrowed and invested in the
business but does not include the
value of rented property, plant, or
equipment which was employed in
the conduct of manufacturing enter-
prises. In the final bulletins and re-
ports the rental paid for such prop-
erty will be shown separately.

The cost of materials used in 1909
was \$33,034,153.00 as against \$16,
394,000 in 1904, an increase of \$17,
759,000, or 108 per cent. The aver-
age cost of materials per establish-
ment in 1909 and 1904 was approxi-
mately \$15,000. In addition to the
component materials which enter into
the products of the establishment for
the census year there are included
fuel, rent of power and heat and mill
supplies. The cost of materials, how-
ever, does not include unused materi-
als and supplies bought either for
speculation or for use during a sub-
sequent period.

Value of Products.
The value of products in 1909 was
\$53,682,000, and \$24,459,000 in 1904,
an increase of \$29,223,000 or 119 per
cent. The average per establishment
was approximately \$23,000 in 1909,
and \$22,000 in 1904.

The value of products represents
the product as actually turned out
by the factories during the census
year and does not necessarily have
any relation to the amount of sales
for that year.

The values under this head also
include the amount received for
work done on materials furnished by
others.

Will Carry 2-Cent Fight to Supreme Court.

Guthrie, Ok., April 14.—Attorney
General West, it is learned tonight,
will petition the United States Su-
preme court for a writ of certiorari
for a review by that court of the
Oklahoma 2c fare and certain freight
rate cases, which were recently de-
cided against Oklahoma by the U.
S. Circuit court of appeals. West
in this manner will seek to have the
Oklahoma 2c fare case argued and
submitted at the same time as Mis-
souri's case, during the October
term of the federal supreme court.
In both the Missouri and Oklahoma
cases the points are similar.

MOTHERS' DAY SET FOR MAY 14th BY CRUCE

Oklahoma City, April 14.—Don't
forget your mother, your first sweet-
heart. Keep her memory fresh and
vivid though it has been years since
you last saw her.

With this in mind Governor Lee
Cruce, this morning issued a procla-
mation setting aside the second Sun-
day in May, as Mother's Day. The
ministers of every church are asked
to preach upon this subject if possi-
ble, or at least pay a tribute to the
mothers of the land. All persons are
requested to wear a white carnation,
the emblem of all that is pure, in
memory of their mothers on that oc-
casion.

Mothers' day is coming to be ob-
served annually in all the states of
the Union. It is a comparatively new
holiday, but was not long in becom-
ing popular. Proclamations of a sim-
ilar nature are being issued by the
governors of other states.

ONE INNING PLAYED SCORE 2 TO 1

The News was informed just before press time yesterday that there would be no ball game and it was so stated. However, the boys were not easily discouraged and finally made an effort to play the game. Only one inning was played, however, and the score stood 2 to 1 in favor of the normal. It was then thought best to call the game off.

OKLAHOMA DEBATORS DEFEATED BY COLORADO

Norman, Okla., April 13.—The University of Colorado won a 2 to 1 decision over the University of Oklahoma in the inter-collegiate debate held here last night. The debate was unanimously conceded to be the best ever held in Norman and prominent men who were present declared it to be the best it had ever been their privilege to hear.

The question was: "Resolved, That the short ballot system should be adopted in municipal, county and state elections." Frank A. Balyeat, Tom Mayfield and Streeter S. Speakman defended the affirmative for the "Sooners" while Floyd Odum, Edward Dunklee and Frazer Banks supported the negative for Colorado. The judges were Hon. Roy V. Hoffman of Chandler, Judge Ross F. Lockridge of Shawnee and Hon. Herbert M. Peck of Oklahoma City. They were selected by Colorado from a long list of names proposed by Oklahoma.

The contest was intensely interesting throughout and had many dramatic moments. The debaters evinced exceptional ability, both in the presentation of their set arguments and the mastery of the situation displayed in the five minute rebuttal speech allotted to each.

Big Gasser Struck.

Osage, Okla., April 13.—The largest gas well ever brought in, in the state of Oklahoma, was brought in yesterday afternoon at 6 o'clock on section 12, which is one and one-half miles northeast of town. Estimates made by the different gas experts vary from 50,000,000 to 70,000,000 cubic feet a day and increasing hourly in volume. The roar was so great as to materially hinder school work here.

An oil well on section 19, which is

flowing 170 barrels of oil an hour, or 4,080 barrels a day, caught fire yesterday and the oil men have been utterly unable to control it. By hard work the danger of other wells catching has been eliminated. The Osage City Oil field continues to bring in large wells every few days and drilling is going on within 300 feet of the town.

On Easter Sunday Mornings everybody who is anybody will be sure to appear in their very best attire. Ladies in their Easter hats and gowns, and gentlemen in their most select and most fashionable garments. Don't be conspicuous by your absence from the happy throng, or look a back number in out-of-date clothes. If your wardrobe is not up to the top notch of excellence get a new outfit from H. CLAUDE PITT, Merchant Tailor. Clothes made by him are always superlative in their style, exceptional in their fit and matchless in their finish. They are the satisfactory kind that assure satisfaction.
